From 2000 to 2006 these three hogs sopped up \$3,897,131 of dues paying members money working at the IUOE, and dont forget Giblin worked for Blue Cross Blue Shield and a Local, Dugan was paid \$1,340,596 for running Local 150 during that time period, and Hanley continues to feed off the trough as emeritus. Hanley and Giblin drew \$300,000 plus salaries for the same job in the same year, talk about the ultimate double dip. Is it any wonder why the IUOE bylaws are written so no one can get these jobs? Is your life as an OE any better because of their exorbitant salaries?
